• Redhawk specializes in moving **over-dimensional** and **over-weight freight**. Unlike our competitors, we can give you an **estimate in minutes**, including any permit and escort fees.

• Many shipments do not use the entire deck space or weight capacity of a trailer. Redhawk offers **fractional trailer usage** at unmatched prices.

• Redhawk's buying power gives us **daily excess capacity** in key regions. If you source freight from New England, the West Coast, the East Coast or the Southeast, ask us how we can leverage our capacity to **lower your freight bills**.

• We are experienced in shipping **various types of commodities**: steel in every form, prefabricated buildings, delicate machinery, 90 ton rail cranes, lumber, stone and even automobiles.

• Redhawk can insure cargo at any level needed. All contracted carriers maintain cargo insurance with coverage ranging from \$100,000 to \$5,000,000.
