## NATIONWIDE LTL

- **Inherit our buying power** - Redhawk leverages its shipping volume to negotiate larger than standard discount levels with common carriers. This translates into the most **competitive LTL rates** in the industry.
- **Utilize the best carrier in each lane** - Redhawk's expertise in the transportation markets allows us to maximize the unique advantages of local, regional, and national carriers in particular lanes. By playing to a carrier's strengths, **quality is enhanced**.
- **Better options for expensive shipments** - With our network of smaller to mid-sized contract carriers, we can offer better prices on freight typically sent with a common carrier. If you are being charged \$500 or more on your common carrier shipments, ask about our **Partial Truckload Service**.

- **Start shipping today** - Our simplified customer setup process, combined with our **wide-reaching network of carriers**, makes us one of the few brokers that can offer **reliable same-day pickups**.
- **Budget-friendly solutions** - Do you have a tight budget but a flexible shipping timeline? Ask a Redhawk representative to examine **alternative transportation options**. We can design solutions around the transit requirements, freight specifications or budget constraints that are specific to your company.
- **Partial trailer space for delicate shipments** - If you worry about your LTL freight being transferred from one trailer to another, Redhawk has a solution. We offer **'load-to-ride' service** in most regions. Trailers with strapping & lock-down systems are also available for partial trailer shipments.

- **Do what you do best, let us handle the rest** - Don't reinvent the wheel! Transportation is what Redhawk does best. Our competitive rates, professional service, and **industry know-how** has been honed over dozens of years and thousands of shipments. Transportation shouldn't distract from your core competency. Put us to work doing what we do best, so you can **get back to doing what you do best**.
