DEDICATED VAN

• Redhawk Global has established itself as a **premier broker** for commercial freight. Our enclosed trailer division is staffed by professionals experienced in shipping both **dry and climate-controlled freight**.

• Redhawk's contracted carrier fleet of over 3,100 enclosed van motor carriers allows us to offer the widest range of transit, service, equipment and pricing options. Coverage areas include the **entire lower 48** and some Canadian regions.

EQUIPMENT

- 48' & 53' trailers
- Temp. controlled units
- Logistics trailers
- Curtain vans
- Conestoga kits

SERVICES

- Dedicated truckloads
- Partial truckloads
- Expedited transit times
- Team drivers
- Hazardous materials

• Our team can work with you to develop **customized logistics programs**, even in concert with your existing carrier base, that will address those transportation issues most important to you: cost, on-time performance, claims reduction, or transit time.

• Many shipments do not use the volume or weight capacity of a trailer. Redhawk offers **fractional trailer usage** at unmatched prices.

• Redhawk's buying power gives us **daily excess capacity** in key regions. If you source freight from New England, the West Coast, the East Coast or the Southeast, ask us how we can leverage our capacity to **lower your freight bills**.

• We are experienced in shipping **various types of commodities**: produce & frozen seafood, electronics, hazardous materials, palletized dry goods, motorcycles, liquor & beer, and CNC machines.

• Redhawk can insure cargo at any level needed. All contracted carriers maintain cargo insurance with coverage ranging from \$100,000 to \$5,000,000.
